HALCYON

Re-released, the HALCYON is hostile, elegant and powerful in one design. Re-designed, the HALCYON is bold and aggressive, fast and modern, but with the flare of all the guitars we used to love. With all the features critical to a performing player, the HALCYON is still affordable. Its finishes are distinct and add an element of style and unique to the player. The HALCYON is, after all, a bird of prey.

MONARCH

Simple. Very traditional design and shape, but with modern contours and features, the MONARCH has elegance, flash and the sound. The MONARCH has what it takes for every situation, just like the BOLERO but in the distinctive double cut-away styling. Like the BOLERO, the MONARCH has a mix of dynamic colors, all the elegant adornments, and a custom selection of pickups taking the “custom shop” product to a new, but more affordable level. How do you say traditional, classy, unique and style at the same time? The MONARCH.

MONARCH FM | Satin Ruby Burst

MAVERICK

The MAVERICK applies all the modern contours that Diamond is known for, and a top-down redesign to a vintage-inspired instrument, giving it a new, hot rod modern style and updated feel. The result is something that may remind you of earlier days, but has all the cool factor you want from a modern guitar.

BOLERO

Simple. Very traditional design meets new contours. Classic design and modern style. Or is it classic style with modern design? Both. The BOLERO has what it takes for every situation. From jazz to blues to rock to metal, the BOLERO does it well. With a mix of dynamic colors, it looks as amazing as it sounds. It's iconic. It's versatile. It's classy.

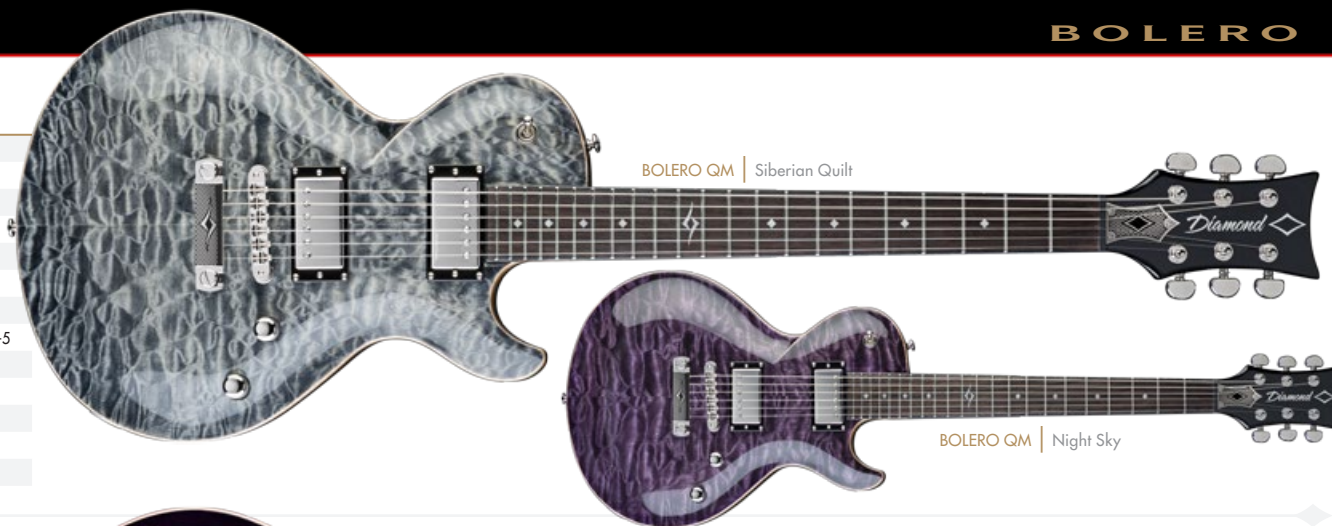

It's aggressive. It's stunning. And it's timeless.

CAVALLO

What if a V matured, refined and improved like nearly every car, motorcycle, television, computer and media player in the world?

Meet the CAVALLO. Sleek, sexy, gorgeous, classy, mean, aggressive, stayed, classic, modern. You've seen this guitar a million times. And yet you've never seen this guitar before. Simply, it's everything you've loved about V's, and everything you've wanted to add in.

BARCHETTA

The BARCHETTA combines a classic style with a modern update. Beautiful enough to be classic, modern enough to be aggressive, the BARCHETTA has a wide variety of colors and configurations to go from casual, to black tie, to black t-shirt. The BARCHETTA is what happens when a guitar grows up. The pinnacle of refinement and power, it's the S-Class AMG of guitars. Sleek, elegant, and FAST.

IMPERIAL

Another shining example of classic design meets modern style, and classic style meets modern design, the award-winning IMPERIAL quickly became a favorite among fans of both vintage and modern guitar lovers. While oversized in footprint, the strikingly thin body created unparalleled resonance in the body giving the IMPERIAL a warm, open and brilliant sound. And now, its design meets a variety of fashions giving the IMPERIAL a classic, vintage and elegant look that is a favorite of jazz, rock-a-billy, alt, studio, blues and rock players.

IMPERIAL JR.

An innovation in design, and counterpart to its brother the IMPERIAL, the IMPERIAL JR. has a classic, rock-style look, but redesigns the shape and feel of a guitar. With elegant contours, but a modern shape, and smaller than the larger bodied Imperial, the thin body captivates players. The style and shape of the IMPERIAL JR. creates an edgy, focused sound for crystal cleans and punchy rhythms. The most comfortable guitar you may ever play, and some amazing finishes to top it off.

BIRD OF PREY

Another modern progression of this style of guitar, the BIRD OF PREY takes aggressive to a new level, downright hostile. If you are a BIRD OF PREY player, you've known it since before you could play. And with a little refinement, the BIRD OF PREY plays and feels better than ever. The dictionary defines a bird of prey as a bird that hunts and eats other animals. Couldn't have said it better.

It's a predator. And now faster than ever too.

HAILFIRE BASS

The HAILFIRE bass is another example of classic design meets modern style as well as classic style meets modern design. The two can hardly come together better than the HAILFIRE bass. Modern features like Seymour Duncan pickups and Diamond's Custom Solid Contact bridge. Classically styled body shape with modern contours and complete reshaping, re-balance and top down construction re-design put the HAILFIRE bass at the top of the charts for evolution, playability, sound and style.

BARCHETTA BASS

The bass counterpart to the BARCHETTA guitar, the BARCHETTA basses are all about performance. Mahogany or Ash bodies, Diamond's Custom Solid Contact bridge and EMG or Diamond Custom pickups, the BARCHETTA basses are as stacked with good components as they are with good looks. Incorporating modern style into the traditional shapes, the BARCHETTA bass clean, gorgeous and just flat-out sounds fantastic.

BARCHETTA SM BASS | Royal Mahogany
